- Mastery in coding html, css, and javascript(jQuery)
- Knowledgeable in programming standards, concepts, syntax, and structure
- PSD to html conversion
- Excellent computer literacy
- Independent and intuitive employee
- Can express and articulate ideas and solutions easily

EXPERIENCE

JUNIOR FRONT-END DEVELOPER(WEB BASED) • E-COMMUNICATION LTD. • 2014 - 2015

This was my first job in the IT industry. I was tasked to code function design(html) from PSDs sent from our clients. I also coded some minor system development tasks. I was tasked to create and organize small databases as well as integrating them into our client's existing systems. I was also tasked to code PHP, javascript, jQuery, ajax functions for some of our clients. Overall it was a junior position in the department that lead to my following job title.

SENIOR FRONT-END DEVELOPER(WEB BASED) • E-COMMUNICATION LTD. • 2015 - 2019

I was assigned to make functional designs and make code snippets for our clients mostly from PSDs and from scratch(improvised). From this point on I was able to master html, css, and javascript(jQuery). I was assigned to handle multiple projects along with my team. After a year I was later promoted to lead developer in the front-end department of our IT. There are times I was still tasked to do some back-end development. I assisted in coding PHP and javascript that integrated into the front-end that I coded.

REMOTE PROGRAMMER/DEVELOPMENT WORK(FRONT-END DEVELOPER) • VIP RESPONSE • 2019 - CURRENT

I work along side with the company's marketing department that focuses on online market campaigning. I am mostly tasked on coding campaign landing pages in PSD format into functional responsive html format. I also make e-mail templates that are also based on those campaigns. Our biggest projects include an online christmas calendar that engages over 1 million subscribers in facebook page campaigning.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY (2012 - 2014) INFORMATICS COLLEGE NORTHGATE INC.

*Cyberzone Filinvest Corporate,
Indo-China Dr, Alabang, Muntinlupa,
